

Training the Trainer: Investing in Regional Partners to become Skilled NAM Providers

This course is geared towards cleft dental/orthodontic providers who can commit to a training course in NAM over a 2–3-year period. This course will be taught by the world-renowned leaders who developed the NAM protocol and devices. CCCW is interested in investing in “Regional Champions” of comprehensive cleft care who, after finishing the course, will be able to train their regional counterparts in NAM. The course is split into 3 parts:

Part 1: Foundations of NAM: The Workshop Primer: A 4-hour detailed didactic series to be held at CCCW Rio de Janeiro, 2022

Part 2: The NAM Workshop: A full-day hands-on workshop to be held at CCCW Barcelona, 2023

Part 3: The NAM Master’s Course: To be held in 2024, location to be determined

A commitment to participate in all three parts of this course is a requisite for participation in Part 1. **If interested, please email a letter of intent to info@cleftworkshop.org no later than August 31, 2022.** Please include the following information:

1. Dental Specialty or General Practice?
2. Member of a Cleft Team?
3. Prior Experience with NAM (describe)?
4. Can attend Part 2 NAM hands-on workshop in Barcelona in 2023 and subsequent master’s class in NAM (location to be announced)
5. Are you willing and able to train other professionals in your region to practice NAM via workshops and mentoring in the role of “CCCW Regional Champion”?
